Re: Freedom of Information Act Request EPA-R3-2014-001723

Dear Mr. Bradley:

This letter is in response to your Freedom of Information Act Request dated December 9, 2013, which we received on December 9, 2013, regarding Vapor Intrusion Investigation at Dover Gas Light Company Superfund Site, located on New Street, Dover, Delaware. An extension of time is required to comply with your request for reason(s) indication below.

The reason for the extension is:

- ☐ The need to search for and collect the requested information from offices that are physically distant from this office.
- ☒ The need to appropriately examine a voluminous amount of separate and distinct records involved in your request.
- ☐ The need for consultation, which shall be conducted with all practicable speed, with another agency or EPA office having a substantial subject-matter interest in your request.

An initial determination is expected by January 23, 2014. If you have any questions regarding this matter please contact Cherese Peters, Environmental Protection Assistant at 215-814-3154.

Sincerely,

A handwritten signature in black ink, appearing to read "Rashmi Mathur".
